## MIDDLEBURG.

Lincoln Wells, Jack Wells and Sam Sharp killed 50 yellow suckers while that species of the finny tribe was shoaling.

The panic seems to have no effect on the millinery business. Mrs. H. C. McWhorter and sister, Miss Lula Adams, here, and Mrs. Helen Carter at Yosemite, are doing a business unparalleled in the history of the Spring hat trade in this vicinity.

Miss Emma Fogle went to Cincinnati Saturday to be treated. Her brother, Jesse Fogle, accompanied her. Wm. Miller is gradually sinking. Rev. and Mrs. W. W. Hunt will entertain the Sunday school teachers at the Methodist parsonage next Friday evening.

Things have been quite lively at Yosemite for some weeks. The competition spirit seems to have taken hold of some of the merchants there and goods have been going at the purchaser's price. Clothes have been so cheap that even local newspaper correspondents can afford to wear new suits.

We had base ball games here last week. The first team played the Danville dummies at Oak Park, and while that game was in progress the College team was playing Poplar Hill here. The Giants defeated the Dummies and then came over and got up a game with the College boys. This was a hard fought game from the start and at the close neither side had anything to boast of. The score was 2 and 2, but the Giants claim the victory on the ground that the College team refused to play the game to a finish. It is understood that the teams will cross bats again in the near future, when likely the hardest battle of the season will be fought.

Wm. H. Davis, of Waynesville, Ind., is at the bedside of his sister, Mrs. Annie Petrey, who is very low with a complication of troubles. There is no likelihood of her recovery.

## It Reached the Spot.

Mr. E. Humphrey, who owns a large general store at Omega, O., and is president of the Adams County Telephone Co., as well as of the Home Telephone Co., of Pike County, O., says of Dr. King's New Discovery: "It saved my life once. At least I think it did. It seemed to reach the spot—the very seat of my cough,—when everything else failed." Dr. King's New Discovery not only reaches the cough spot; it heals the sore spots and the weak spots in throat, lungs and chest. Sold under guarantee at Penny's Drug Store. 50c. and \$1. Trial bottle free.

The new law firm of McQuown & Beckham has been appointed by the L. & N. Railroad Company as the attorneys for this district, and will hereafter represent the interests of that institution in this and surrounding courts. The position came altogether unsolicited and is therefore the greater honor. The new firm has already made a number of advantageous alliances and has every prospect of doing a successful business.—Frankfort Journal.

## The World's Best Climate

Is not entirely free from disease, on the high elevation fevers prevail, while on the lower levels malaria is encountered to a greater or less extent, according to altitude. To overcome climate affection, lassitude, malaria, jaundice, biliousness, fever and ague, and general debility, the most effective remedy is Electric Bitters, the great alterative and blood purifier; the antidote for every form of bodily weakness, nervousness, and insomnia. Sold under guarantee at Penny's Drug Store. Price 50c.

The State Board of Prison Commission made a contract with the Kentucky Whip & Collar Co. for the lease of 150 convicts at the branch penitentiary at Eddyville at a daily rate of 57½ cents a man. This is the highest price ever received for the labor at Eddyville. It will make the increased income about \$8,000 and the commissioners believe will make the branch prison self-sustaining.

The Postoffice Committee of the Senate dealt a hard blow to the liquor traffic. It attached to the postoffice appropriation bill, which it reported to the House, an amendment providing that no part of the appropriation contained in the bill shall be paid in the compensation for carrying intoxicating liquors, cocaine or an derivative of cocaine.

Ade Willis, sent up for life from Adair county for murder, has been paroled from the Frankfort penitentiary. He is very low with consumption and the commission granted his request that he might go home to die.

Six Trigg county men were arrested on warrants sworn out in Lyon county charging them with night riding. "Health Coffee" is really the closest coffee imitation ever yet produced. This clever coffee substitute was recently produced by Dr. Shoop, of Racine, Wis. Not a grain of real coffee in it either. Dr. Shoop's health coffee is made from pure toasted grains, with malt, nuts, etc. Really it would fool an expert, who might drink it for coffee. No 20 or 30 minutes tedious boiling. "Made in a minute" says the doctor. Sold by Penny's Drug Store.

Six of the best surgeons of Boston were called in to operate on the eye of the pet dog of a woman who had more money than sense. It cost her up in the thousands, but the sight was not saved. Isn't it a pity that there are female parents who prefer puppies to babies?—Frankfort Journal.

Druggists everywhere sell them as Dr. Shoop's Headache Tablets, but they stop other pains as easily as headache.
